## Enspire Arts Mission Statement

Enspire Arts believes in the power of creativity to empower youth and enrich our communities.

We create vibrant and interactive arts experiences that promote well-being, learning, and connection.

Enspire Arts began in 2017 with an aim to increase access to arts experiences for the **youth, schools, and community** of Clark County. This report includes program highlights and a financial summary.

- Program total outreach of over 1600 Clark County residents
- Ambassadors have provided 150 hours of arts based community service

## Testimonial

“Through being an Arts Ambassador, I learned a multitude of essential life skills, such as communication, patience, leadership, perseverance, and the ability to adapt quickly. My involvement in the community as an Arts Ambassador has made me a more well-rounded person. More importantly, it has provided for me a way to give back to my community through music”. – Emily Liu

### Schools: Arts in Residence @ Orchards

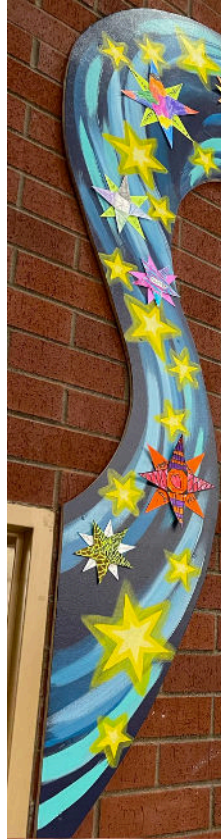

#### Testimonial:

“As we have worked with Enspire Arts this year, we have been very impressed and pleased with the response we have seen from our students and the larger school community. Our social emotional goals are safety and belonging.

During the Enspire Arts sessions, students were highly engaged through connecting their feelings on topics and expressing them through their art and language.

We hope for students to gain perspective through the sharing of culture, stories, ideas, and opinions of others. Thus encouraging the appreciation for diversity.”

**Thank you to all who helped make this project possible:**
